Dear Team FoodSutra,

This is Chaitanya, a former Mess Monitoring Council member of IIT Hyderabad (2021-24). Last Wednesday, we had a special dinner with a top-notch dining experience. Having closely observed mess operations for over four years, I can say this was the best special dinner ever. It wasn't just the taste of the food; crowd control, stock management, team coordination, lighting, ambiance, and the welcoming rangoli all elevated the experience. Apart from the special dinner, even the usual dinners run smoothly and are well-managed.

Lastly, I'd like to thank the new manager, Varma Garu, and the entire FoodSutra team for making this special dinner truly special.

regards,
Chaitanya
